FIVE SHOT IN BANK HOLD-UP

Predicts Nomination of President Coolidge

STRONG SUPPORT IS SEEN BACK OF EXECUTIVE

Combined Strength of West Held Insufficient To Cause Defeat.

JOHNSON'S STRENGTH LIGHT

East and South Solid; Pacific Coast Also Lines Up For Coolidge.

PHILADELPHIA, Jan. 12—Coolidge on the first ballot!

That's what it looks right now, five weeks after the President's message to Congress and five months before the Republican national convention assemblies at Cleveland to choose the party's candidate and frame the party platform.

This is not a prediction. It is merely a judgment of what will happen if the popularity of President Coolidge continues without material abatement up to the time of the convention, of what would happen if the convention were to be held this week.

The situation may change in those five months. The President may make some blunder causing him to lose popularity. The tax reduction plan may come to grief and the Coolidge performance otherwise fail to measure up to the Coolidge promises. Or a business depression may develop causing the President to slip, slide and generally hit the tobaggan from his pinnacle of popularity as did President Harding in the Congressional election of 1922.

Any one of a multitude of political mishaps may upset the Coolidge band wagon as a result of which it would begin to look as if the President could not win the nomination on the first ballot. If at all, and that Senator Hiram Johnson, or a dark horse would be chosen.

At this writing, however, there is no mistaking the tremendous advantage accruing to the Coolidge candidacy. The Eastern part of the country in favor of the nomination of the President, and in the West Coolidge is attracting far more support than it was supposed a few months ago he possibly could muster in that section.

Even if Senator Johnson were to carry the West solidly, which it is apparent he would not do, far from it, as matters stand today, the President might reasonably expect to have enough delegates from the East and South to nominate him on the first ballot.

Fined \$100 On Liquor Charge

A fine of \$100 was assessed Joe Pavistich when he appeared before Police Judge C. A. Odell yesterday morning to answer to a charge of illegal possession of intoxicating liquor. Commitment was withheld.

Pavistich contended that he had only 200 gallons of fruit juice, such as is allowed by law, but admitted that he is unmarried, whereas the permits are issued only to heads of families.

REPORTED BETTER

Mrs. Don Kneeland and baby June, who have been seriously ill at their home at 749 Sixth street, with diphtheria, are reported to be recovering, and

Takes Icy Swim To Pay Wager With H. S. Girl

BOSTON, Jan. 12—Police of Revere formed a guard on Revere Beach yesterday against a line of 300 spectators when James Hunter, a senior of Revere High School, jumped into the ocean and swam three minutes to pay a football bet.

Hunter, last Thanksgiving made a bet with Miss Clara Mercer, another Revere senior, on the outcome of the Winthrop Revere football game. The terms were that the loser must swim off Revere Beach. Hunter lost.

At 4 o'clock yesterday afternoon, Hunter, accompanied by most of his classmates, appeared on the beach clad in a bathing suit.

Automobilists and other sight seers spied him. As he moved gingerly to the water line the crowd quickly gathered. Police were notified and two officers arrived in time to hold back the curious, while Hunter plunged in, paying his bet.

Interpretations of Alien Land Law Taken Up At Meet

District Attorney A. B. Tinning was in San Francisco yesterday in attendance at a conference of District Attorneys of the State to secure uniform interpretations of the recent Supreme Court decision on Japanese activities in California.

The meeting was called by Attorney-General U. S. Webb in an effort to reconcile varying interpretations that have been given the law by district attorneys in various parts of the state.

The Supreme Court held that cropping contracts were valid while later the United States Supreme Court held that they were invalid. During the interim differing opinions were given to Japanese regarding their rights, and considerable confusion has arisen as a result of these conflicting opinions.

The discussion, however, took in all phases of the alien land law. The meeting is being watched by the Japanese and in an editorial on the subject the Japanese "World" says:

"Secretary Takimoto of the Japanese Association of America with Attorney Albert H. Elliot have returned from a circuit of central and northern California for the purpose of conferring with landowners and remedial measures following the Supreme Court decision.

"The interpretation of the law is an extremely difficult matter and we do not know what interpretation of the Supreme Court's decision will be adopted by the State's authorities. Concrete explanations of contracts have been presented to land owners and Japanese farmers which we believe any one will pronounce legal and just."

Recovering From Diphtheria Attack

Emil Grafenacker, night patrolman, who has been confined at his home 1014 Nevin, suffering from diphtheria, is reported as improving rapidly and is now out of danger, according to Dr. Hall Verfall, who is in attendance, also for a cargo for New Zealand ports.

FORD TOLD OF ADVANTAGES IN CONTRA COSTA

Answer Received To Communication Sent To Automobile Manufacturer.

COMPARATIVE DATA IS SENT

Water Frontage, Power Problems, Leases, Are Settled Here, Veale Writes.

The advantages of Contra Costa county with its many industrial locations and 72 miles of deep water-front and railroad facilities, have been presented to the Ford automobile company for consideration in selection of a Pacific Coast plant by Sheriff R. R. Veale, secretary of the Contra Costa Chamber of Commerce.

A letter was written to Henry Ford by Sheriff Veale in December and a reply has just been received expressing appreciation for the information and stating that the data will be filed for future use.

The letter sent to Ford by Sheriff Veale is as follows:

December 28, 1923
Honorable Henry Ford,
Detroit, Michigan.
My dear Mr. Ford:

I am writing you as Secretary of the Contra Costa Chamber of Commerce, also as Sheriff of Contra Costa county for twenty-nine years.

Contra Costa County borders on the San Francisco Bay, Carquinez Straits and Suisun Bay. In other words, we have seventy miles of deep water frontage, and there are excellent opportunities for manufacturing industries. We have the Pacific Gas and Electric Power Company and the Great Western Power Company for cheap power. We have the Standard Oil, Shell, Company, Union Oil and Associated Oil refineries, powder companies, smelters, lumber yards, cement plants, so forth and so on. We have a reasonable tax rate, fine concrete highways, good schools, churches, banks, farming communities, orchard interests, Delta lands, a hundred thousand acres under irrigation, the best climate in the world, the output of our manufacturing interests is larger than any other country in the State of California—a very progressive community.

I shall be glad to give you any other information you may desire.

Yours respectfully,

R. R. VEALE, Secretary.

Contra Costa County Chamber of Commerce.

Ford's Reply

Mr. R. R. Veale,
Sheriff of Contra Costa County,
Martinez, California.

Dear Sir:

Yours of December 28th received.

Thank you for the information given, which will be filed for ready reference.

Very truly yours,

H. M. CORDELL,

Office of H. Ford.

Leaves With Cargo For New Zealand

The steamer Hauaki left the municipal wharf yesterday with a cargo for New Zealand and Australian ports, according to Harbor Master J. H. Misner. Misner said that the steamer is expected to dock tomorrow morning, also for a cargo for New Zealand ports.

Figures Show Average Number Of School Pupils

A total average attendance of 8,319 school children in Contra Costa county was reported by County Superintendent Hanson yesterday. Of this number, 2,558, or over one-fourth, are from Richmond.

This city has far the largest number of school children in attendance of any city in the county, the closest competitor being Pittsburg, with an average attendance of 1,639. Martinez reported 834 school children.

Including the 219 pupils at San Pablo, Richmond would have an attendance of over 3,000. There are 290 teachers in the county.

FORM MARTINEZ COOLIDGE CLUB

Mr. A. Rugg was named chairman of the Martinez "Coolidge for President" club at a meeting in Martinez yesterday afternoon. A large number of Coolidge supporters gathered at the Martinez city hall for the meeting and enthusiastic speeches were made backing the president.

R. H. Wight was elected secretary-treasurer of the organization and the following vice president named: Judge A. B. McKenzie, A. J. Tava and N. P. Sanderson.

Chairman Rugg is to name an executive committee tomorrow, it was stated.

Five delegates were elected to attend the county meeting which will be held in Martinez for the purpose of naming two delegates to the congressional meeting.

A large number of Richmond residents are expected to attend the county convocation.

An intensive campaign will be launched in Martinez this week backing President Coolidge, it was reported. A large number joined the club at the meeting held yesterday.

Tinning To Speak At Elks Meeting

Tuesday night January 15th the Elks are expecting a large attendance for their members in the local club rooms.

A. B. Tinning, the District Attorney of Contra Costa county will be the speaker of the evening and is to be followed by a diversified program which is sure to please all present.

The entire program has not been announced but one of the attractions will be the appearance of Jommy Duffy, the Pacific Coast welterweight champion, in a boxing exhibition.

The committee promises a real big time and accommodations have been arranged to take care of a large crowd.

The program is being handled by: F. Miller, J. Bell, A. Irwin, A. Cristophant and A. C. Duchaine.

SUES TO FORECLOSE

Suit to foreclose a mortgage on Richmond property has been filed in the Superior Court at Martinez by J. A. Hagerstrom against Amanda and Fred Kilmer. According to the complaint the sum due is \$1350.

REDMEN'S HALL ASSOCIATION NAMES OFFICERS

R. B. Dougall Elected President At Meeting of Stockholders.

FINANCIAL REPORT IS GIVEN

Directors Also Appointed; Decide Against Sale Of Property.

R. B. Dougall was named president of the Redmen's Hall association, at the annual meeting of stockholders held last night at Redmen's hall. Mike Michel was named vice president of the association.

The directors were named as follows:

John Church, re-elected; I. N. Jarvis, secretary and treasurer, re-elected; Frank Marchetti, W. F. Wilson, re-elected; Dan Nodigla, Jack Galvin, re-elected; and Fred Vorbeck.

The annual financial report given by Treasurer Jarvis was approved as highly satisfactory by the stockholders. The report showed the association to have had a decidedly satisfactory year.

John A. Miller, former president, gave a report for retiring board, telling of the work which had been accomplished during the year. Frank Wilson, chairman, gave the annual report of the directors.

The meeting was well attended, 66 stockholders casting votes during the election.

It was decided to meet the second Friday in each month. The proposition of the association selling lots adjoining the Redmen's hall was discussed, but after consideration it was stated that these would be retained.

Searchers Find Missing Pastor

NAPA, Jan. 12—Rev. T. M. Ryder, pastor of the Methodist church at Arcata, Humboldt county, who recently disappeared after acting queerly for several days and afterwards appearing in his pulpit with two rifles, has been found.

After several days of search Ryder was found today wandering in a dazed condition over the hills west of Callistoga, by Constable Carl Pierce of Callistoga. Ryder had several bad cuts on the face and head and said that someone had attacked him, hitting him on the head. Pierce, however, believes he fell and hurt himself on the rocks.

Ryder had evidently been without food for several days. He was weak and when offered food he ate ravenously. He will be brought to Napa today for observation and treatment.

Rev. Ryder left Arcata soon after his sensational appearance in the pulpit with the two rifles, which were taken from him by members of the congregation after considerable persuasion. Ryder asserted that he was being threatened by unknown enemies.

He was taken to Eureka and disappeared from there last Tuesday. Then he was traced as far as Cloverdale. Until noon today he had not been seen and it is believed he has been wandering over the country ever since.

VISITS HERE

Joseph McPherson of Arco, Idaho, is a guest of his sister, Mrs. D. H. Brook of this city.

Woman Routs Five Jewel Robbers in Hold-up Attempt

NEW YORK, Jan. 12—A hysterical young woman in evening dress routed five armed bandits early today in the lobby of the West Side apartment house.

Mrs. Essie Simmons was left at the door by her husband, a man-of-war, that he might drive their car to a garage. As she stepped inside the lobby five men followed.

Two bandits covered the elevator and switchboard operators; another stood guard at the door, and the two others attacked Mrs. Simmons. Unmanned of their guns, she began fighting. After ten minutes she still was on the offensive and the gang fled, two of them with black eyes and scratched faces.

Freed of Crime After 22 Years

PARIS, Jan. 12—Louis Danval, 78, a druggist, pardoned in 1902 after serving twenty-four years of a life sentence imposed in 1878, when found guilty of poisoning his wife, and amnestied in 1919 because his two sons were killed in the war, had his name cleared completely today by action of the Court of Cassation.

Danval showed through experts that the scientific evidence on which he was convicted was erroneous, and that his wife died of a kidney disease of which nothing was known at the time. The court quashed the old conviction, granting him a pension of 12,000 francs and damages amounting to 20,000 francs.

Home Brew Cuts Sale of Bootlegger

CHICAGO, Jan. 12—Home brew has become the great American drink, Oscar Hogenesen, an executive of the Illinois Bottlers of Carbonated Beverages Association, declared at the Bottlers' convention here today.

Before constitutional prohibition this country virtually floated in soft drinks, so vast was their consumption, Hogenesen said.

With the advent of prohibition the national taste seemed to undergo a change, he said. Machinery for "home brew" can be found in a large proportion of the homes, he declared, with the result that the soft drink manufacturers have been dealt a body blow.

Fisherman Finds Pearl Worth \$2,500

TRENTON (Mo.), Jan. 12—Once more a river in Missouri has given up a small fortune. This time it was in a mussel shell taken out of the Grand River near Trenton, and which brought Harve Hall, its discoverer, a check for \$2,500. Hall was fishing and ran out of bait. He saw a mussel shell. The pearl was one of the finest ever found in this section.

BANDITS FIRE ON CASHIER; ESCAPE WITH ONLY \$500

Brighton Park State Bank At Chicago Robbed; Passerby Injured.

EIGHT - YEAR - OLD BOY HIT

Little Hope Held Out For Recovery of Official Shot Down By Thugs.

CHICAGO, Jan. 12—Five persons fell wounded here today in a fusillade of shots in a bank holdup that netted a sextet of bandits less than \$500 in the bloodiest robbery the city has seen in months.

The bandits fled, firing at Albert V. Tenzer, cashier of the Brighton Park State Bank, fell, shot through a lung. Two others wounded were casual passerby and the other two were members of the stickup gang.

An eight-year old boy was hit by a stray bullet and Harry Gieske, a drug clerk, was shot in the side by a stray bullet.

The bandits leaped into an automobile, which had been left standing at the curb when the men entered the bank, and fled with bullets flying in all directions.

A policeman, off duty and passing near the bank, heard the shots preceding the fight and rushed to the scene. He emptied his service revolver at the sextet, and declared two of the men fell to the sidewalk, wounded, and were dragged to the automobile by companions.

The robbery was executed in cold-blooded fashion, according to employees. They said the two men were left at the car while four others entered the bank and began firing.

Reports were that the bandit car had struck a telephone pole and was demolished and police were sent in fast automobiles to the scene of the wreck. The car turned out to be a taxicab.

Tenzer, the bank cashier, was taken to a hospital, where surgeons said he probably would die.

Additional Mail Carrier Allowed

An increase of one carrier for the force serving Richmond has been authorized by the post office department, according to an announcement made yesterday by James N. Long, local postmaster. This will give 13 carriers to handle the mail. Long also stated that there had been an increase of 14.2 per cent in post receipts in 1923 over the receipts of 1922.

Five Successful In Teachers' Test

Five of six candidates yesterday successfully passed the annual Contra Costa teachers' examination and were granted certificates by the County Board of Education. Those to receive certificates are: Florence May Rule, Walnut Creek; Leone Leslie, Bay Point; Mary E. Keough, Antioch; Brandt Armstrong, San Francisco and Elmer S. Millard, San Francisco.

Official Paper of the City of Richmond

THE PEACE AWARD

The world now is familiar with the proposal of the Bok peace plan winner for stopping war and encouraging the arts of peace. Approval will be given to the plan in the referendum, there is no doubt of that. The people who don't look into the case and don't approve of it, will take the trouble to ballot. Great incentive will be that of persons who are anxious to take any course that will help promote world peace.

The plan is one which might have been written by a group headed by President Harding, who introduced the subject of the permanent court of international justice to the American political sphere. Adhering only to the better and more workable tenets of the League of Nations and letting the political clauses go, the proposer of the plan, who has won the first award of \$50,000, has lined up with a strong element in this country. The purpose he avows is very similar to that which the late president claimed, and which President Coolidge, in carrying out the policies of his illustrious predecessor, has adopted as his own.

The measures the winning plan advocates will be vigorously opposed by the irreconcilables. But it need not be involved in party politics. The whole scheme is one to start people thinking constructively, and if it succeeds, Mr. Bok has bought something worth while with his \$50,000.

AFRICAN RECOUPMENT

The French are planning a trans-Saharan railroad to make more available the tremendous resources in French Equatorial Africa. Belgium is tapping the natural riches of the Belgian Congo by a new road some 800 miles in length. The acquisition of German East Africa, now known as Tanganyika, has given new impetus to the British ambition for a Cape to Cairo railroad. Portugal is also extending rail lines into undeveloped sections of Angola. All of the powers with territorial holdings in Africa are exerting themselves to make available to the rest of the world the immense wealth of that continent. In the years to come Africa will be one of the world's principal centers of production.

That development has a direct bearing on the allied debt to the United States. Great Britain, France, Italy, and Belgium are the principal debtors, and each of them is possessed of great empires in Africa. The payment of the British debt has been spread over a period of 62 years, and the debts of the others will be extended equally as long when refunding settlements are concluded. With the present rate of progress in Africa there can be little doubt that long before the expiration of that time enough wealth will flow to the home governments from those colonies to pay the interest and principal of their American obligations many times over.

THE CASE OF A BONUS

Nobody seriously questions the justice of an adjusted compensation for ex-soldiers. It is elementary that the men who endured hardship and danger in the field at tiny wages, have something coming to bring them up with those who stayed home in safety and comfort and drew fat pay.

But the bonus is inextricably entangled with tax reduction. Regardless of the arguments of the advocates of the bonus, the people in general believe that it would not be possible to make a real revision of taxes and grant the bonus as it now constituted.

It is a time to consider the welfare both of the ex-service men and the people. If a way can be found to reduce the taxes and grant the bonus, both these things should be done.

The cause of the bonus is not helped by utterances such as that of the New York commander of the American Legion. Ex-service men have the right as citizens to vote just as they see fit, but it is difficult to threaten a nation with eighteen million votes as a club and get away with it. Certainly the gentleman from New York didn't bluff Senator Borah.

THE COOLIDGE MOVEMENT

The Coolidge for President movement seems to be rapidly sweeping over the country. The first club was organized at Walnut Creek, the second in Richmond and the third at Martinez. Hundreds of supporters of the president have pledged their aid for the coming campaign and are boosting for Coolidge's return to the White House.

The club in Richmond got off to a good start with over a hundred members enrolled. Since the first meeting several hundred more have joined the club, and application cards are being received daily by C. D. Horner, secretary of the local organization.

A survey of the county shows that the east and the south are lined up solidly in support of the president, and Hiram Johnson is given but little chance of victory.

Maintenance Fee Will Be Charged By Battery Men

In accordance with the policy now in force practically all over the United States, the Automobile Battery men of Richmond are announcing that after the 1st of February, a charge will be made for battery care. One of them said today, "We are convinced that the automobile owners of Richmond are willing to pay a fair price for 'battery maintenance' as the service is termed. Many of our customers have told us that they did not enjoy the feeling of obligation which the acceptance of free service seems to impose. If any automobile owners do not understand clearly what the service will consist of, we hope they will come to any of us and let us demonstrate it and explain fully."

"We believe that our customers realize that experienced battery men command good wages and that no business can afford to give away the services of such men without being sure of getting it back in some way. It is fairer to all concerned to place the charge where it belongs. An inexperienced man can put water in your battery, but knows little about testing. If you get such service 'free' you must expect to pay with interest before long."

Open Auto Top Shop In This City

T. J. Hill and H. R. Russell, two local men, have recently opened an Auto Top shop at 248-14th street. They will also do furniture upholstery at their establishment. Both young men are skilled in this line of work having been active in this line for some time.

They are well known in Richmond and invite their many friends to come and inspect their establishment.

Mr. and Mrs. Dan W. Reardon will leave tonight for Los Angeles for a short visit. They expect to visit the West Coast theatres while in the southern city.

LEGAL

Notice To Voters.

A new and complete registration of voters is required by law during the year 1924. Every person entitled thereto must register thirty days before any election at which he or she desires to vote.

Registration for the purpose of voting at municipal elections for towns of the sixth class closes March 14th, 1924.

Registration for purpose of voting at Presidential Primary Election, closes April 5th, 1924.

Registration for the purpose of voting at August Primary election closes July 26th, 1924.

Registration for the purpose of voting at General Election closes October 4th, 1924.

You may register with the County Clerk or any of his deputies.

Dated: January 10th, 1924.

J. H. WELLS,
County Clerk of Contra Costa County, State of California.

The following are registration deputies:

Mrs. Alice M. Morris, El Cerrito.

Mrs. Onnie K. Curry, El Cerrito.

Mrs. Flora O. Adams, El Cerrito.

When Back Hurts Flush Out Kidneys

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste so we can readily understand the importance of keeping the kidneys

active. Drink lots of good water—you can't get too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoon in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate the kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

Hupmobile Special Touring Car Now \$1195

The smart lines of the Special Touring car are further enhanced by certain deft touches of finish and equipment, such as nickel plated radiator, radiator cap, and bar, cowl lamps, and drumhead lamps. This car affords a beauty and dash of appearance in keeping with Hupmobile performance. Telephone for a demonstration, —or come in.

Everybody welcome.

'Phone Company

Has Big Program

For Construction

The Pacific Telephone and Telegraph Company's construction program for the year 1924, in the State of California, involves a capital outlay considerably in excess of the amount which has heretofore been spent in this state in any single year. The plans involve expenditures in excess of \$40,000,000 which will be spent for the additions of land, buildings, equipment or outside plant required to care for the constantly increasing demands on the system. During the year it is expected that there will be a net gain in the state of more than 110,000 stations which is 50 per cent greater than gains during the year 1923, which, in turn, was considerably greater than in any earlier year.

A normal and expensive feature of the telephone company's operation is the flow of stations in and out of the system; new subscribers are being added from day to day, and at the same time other subscribers are discontinuing service. The attainment of a net gain, therefore, represents connecting and disconnecting operations involving five stations for every one that is included in the net increase.

A heavy growth is expected not only in the urban sections, but throughout the state as a whole. Land must be purchased on which to erect the buildings required to house the central office equipment and the working forces, and building projects, either new buildings or additions to existing structures, are planned for San Francisco, Los Angeles, Oakland, Berkeley, Pasadena, San Jose, San Rafael, Santa Rosa, Fresno, Sacramento and other exchanges.

The plans for central office equipment require an expenditure of upwards of \$8,400,000 and approximately the same amount is included in major projects including the underground conduit, underground cable, aerial cable, poles, wire, etc., required for connecting the subscribers stations with the central offices. The aggregate of minor additions, no single one of which is of sufficient size to be regarded as a major project, will require an outlay of approximately \$9,900,000. The provision of land, buildings, central office equipment and exchange lines must be supplemented by additional facilities in the toll lines, for communication between the different localities. The 1924 program includes provision for addition to the toll lines costing \$2,500,000.

The heavy outlays to be met in the current year in the state are required to place the telephone company in a position to meet its obligations to furnish a comprehensive and adequate service, and the continuing development and fast growth of the state necessitates projects of greater magnitude than have ever been undertaken.

JANUARY BIG MONTH FOR TOURIST TRAVEL

With three sections of the California Limited running out of Chicago for Los Angeles every day in January, and the other five transcontinental trains of the company carrying their full quota daily, the Santa Fe reports, the tourist season the biggest for the time of year on record. James B. Duffy, General Passenger Agent, says the heavy travel undoubtedly will keep up the balance of the winter and continue through the summer season. Every day during 1923 the California Limited was operated both ways in two sections, he said, and the business with the new year necessitates a third section of this train.

Will Install Refrigerating Plant At Market

A complete refrigerating plant is to be installed at the Central Market on Twelfth street, and will be in operation within three weeks time, according to an announcement made last night by O. R. Ludwig. The latest and most modern equipment will be installed, work having already been started.
A large cold storage room will be constructed, as well as an ice cooled window display. The refrigerating plant will occupy one side of the store, running the full length of the building.

The Meaning Of The New Year
To some folks, New Years Day is just an occasion for celebration and hilarity. To many of us—to most of us—it is a day fraught with great potentialities.
The first page of a great new chapter in the Book of Life is turned on New Years Day. What the reading of that chapter will be whether it will be tragedy or comedy, sad or happy, depends most of all upon—YOU!

PLAN CARD PARTY THURSDAY

Our Lady of Mercy church, will give a card party at the church hall Thursday evening, January 17. The ladies have been preparing for the affair and expect to entertain a good sized crowd of players. Several valuable prizes will be offered to the lucky players.

The committee in charge includes Mesdames E. Williams, Helen O'Gorman, A. McGrohan, Callahan and J. O'Hara.

ATTEND INSTALLATION IN MARTINEZ

Mrs. J. S. Moyle and Mrs. Fred Spierch, of Point Richmond attended the installation of Rebekah lodges in Martinez last night.

WILL ENTERTAIN BAPTIST AID

Mrs. R. G. Lee will entertain the members of the Point Baptist Ladies Aid at her home at 31 Idaho street Wednesday afternoon at 1:30 o'clock. This will be the regular business meeting and committees will be appointed for the year's work.

POINT W. C. T. U. TO MEET

The Point Richmond W. C. T. U. will meet Tuesday, January 15, at the home of Mrs. Paul Dunlap, 73 Terrace avenue, for the regular business meeting.

IMPROVEMENT CLUB MEETS TOMORROW

The West Side Improvement club will meet tomorrow afternoon at two o'clock at the Trinity church parlors in regular session. An interesting program has been prepared and refreshments will be served.

Value of Four Wheel Brakes Shown On Ice

The imminent peril offered by wet, greasy and icy pavements has been the bungalow of drivers since the automobile came into general use.

The 1924 model of the Oakland Motor company equipped with the four-wheel brakes in a recent convincing demonstration on the glassy floor of an indoor ice skating rink in Cleveland proved that the Oakland four wheel brakes keep the car positively under the control of the driver at all times regardless of road conditions.

The general manager of the Cleveland branch of the Oakland Motor company driving an Oakland touring car ran on to the floor of the Elysium ice rink at Euclid avenue and E. 107th street and put the car through a series of non-slip tests staged without chains.

The slippery Elysium ice was selected to test the efficient braking system, as road conditions at any time of the year would not be as dangerous, due to the fact that it is practically impossible to create traction on ice.

In one remarkable test the car running at a speed of from 22 to 25 miles an hour was brought to a stop on the ice within a distance of about 20 feet without skidding. The rear wheels tracked the front wheels from the time the brakes were applied until the car was stopped.

The touring car driven at a speed of 18 to 20 miles an hour with brakes applied the car made U shape turns without any swerving of the rear end of the car.

A two-wheel brake car was then brought on the ice, and it skidded completely around within its own length when the front wheels were turned in either direction.

Corporations Make Record During 1923

SACRAMENTO, January 12.—That 1923 was the banner year in the history of California in so far as the financing of corporations is concerned is indicated in a measure by the records of the State Corporation Department showing that during the last year there were more brokers and agents operating in this state in the sale of securities than ever before. The increase being more than 50 per cent.

"The operations of brokers and agents," declared Edwin M. Daugherty, Commissioner of Corporations, today, "may be taken as a thermometer of business conditions in that when there is prosperity the public wants to invest and there is more work and profit for salesmen of securities, while, when the money market tightens up and funds are slack, the public reacts to those conditions with the result that the work for stock salesmen slackens requiring fewer to supply the demand."

A comparison of the total number of brokers and agents who operated in 1922 and 1923 discloses a material increase for last year over the previous year. In 1922, there were 1,823 brokers authorized by the corporation department to engage in the business of selling stocks and bonds and other securities in this state. In 1923, this total had been increased to 3,180, a difference of 357. There is a greater margin between the number of agents that operated in 1922 and 1923. The total showing for 1922 and 1923 and for 1923, 22,343, a difference of 9,413.

In August, 1923, an amendment to the Corporate Securities Act providing for the bonding of all brokers, became effective. Under the amendment, brokers must submit with their applications surety bonds in the sum of \$5,000. This provision caused a slowing up in the filing of applications by brokers after August. The records disclose that, in the first seven months of 1923, there was an average of 173 applications a month by brokers. In August there were 118 applications, 32 each in September and October, and 27 in November. The applications of agents during the same period showed a steady increase, the inference being that many who would have applied for broker's license in the absence of the bonding feature, were content to confine their operations to that of agents.

The total receipts for applications of brokers and agents during 1923 was \$33,242, while the total receipts in 1922 was \$22,045, the increase in receipts from these items in 1923 being \$11,197, or 50.4 per cent.

Secretary Hoover Discusses Nation's Transportation Problem

Ways and means of handling the transportation problems of the country are suggestions toward placing the question upon an economic platform were discussed by Secretary Herbert Hoover in an address delivered before the delegates to the Transportation conference held in Washington.

Hoover's address in part, was as follows:

I wish to congratulate the Chamber of Commerce and President Barnes on the initiation of the Transportation Conference and the very constructive reports of its subcommittees. I am proud to have had some part in its initiation. Your committees have comprised members of the organized transportation executives, of transportation labor, of manufacturing shippers, of the farmers and business associations generally. We have thus had for the first time a joint consideration of our broad national problems of transportation by all of the most important economic elements of the community, that are primarily concerned with these problems. The subcommittees have spent many months in an exhaustive examination and have presented to you most thoughtful recommendations.

The formulation of long view national policies in transportation that will secure for us economical and adequate handling of goods is the first fundamental to our whole economic future. The solution of the problems in such policies is only in part a matter of legislation and governmental relations. They are in large part to be solved by initiative and voluntary co-operation amongst the business community. It marks a great step in our business progress when all the elements such as are represented in the subcommittees may come together and agree on solutions in important questions, and outline a method of co-operation by which they are to be attained.

The groups represented here have many diverse and perhaps conflicting interests in some particulars, but it is real progress when we have agreement on so many questions, even though it may be necessary to disagree on others, until solution can be found.

To secure the adoption of national policies in these matters they must commend themselves to the common sense of our people and to do so they must protect public interest; they must be just to the investor and to the employee; they must maintain the initiative of our transportation agencies, and they must assure the development in service that our growing population will need. These things are not incompatible.

If I were to attempt to express my personal views of such national policies—stripped of secondary consideration—I would enumerate them somewhat in the following terms, and much of your subcommittee reports support such conclusions.

1—Railway service under private ownership in order to secure the driving force of individual initiative in efficiency and development.

2—Government regulation of fair rates and railway finance in order to protect the shipper and to give stability to honest investment of savings.

3—Recapture of excess profits in order to allow rates which will assure operation and service from railways in less favored circumstances yet prevent unjustified profits from any particular railways.

4—The earliest practicable consolidation of the railways into large systems under conditions of maintained competition in service in order to secure greater economy in operation, assurance of development and lower rates, and greater stability in earnings.

5—A basis of employer and employee relationship that will stimulate mutual responsibility as the first requisite to continuous service.

6—Reorganization of the rate structure in order to secure a better adjustment of the burden between commodity, class, and less than carload rates, most of which can best be accomplished after consolidation and consequent wider diversification of traffic.

7—Cooperation between the shipper and the railways in order to secure a better distribution of traffic over the year and to avoid congestion of peak periods of car shortage.

8—Definite development of relief in freight terminals, including coordination with motor truck feeders and distribution.

9—Development of proper joint rates and service by water and rail transportation in order to relieve extension of railways where unnecessary and give the public the advantage of cheaper water transport.

10—A comprehensive national plan of inland waterway development in substitution of hit and miss activities, with priority in development to rivers and canals where substantial traffic may be expected, including development of the St. Lawrence waterway, etc.

Many of these questions are outside of legislation. They require continuous cooperation between the public and the transportation agencies. The accomplishment of some of them implies supplemental legislation or amendment to the present acts.

There are four of these questions to which I should like to particularly refer. That is, cooperation among the business public to secure better annual distribution of traffic; freight terminal development; the consolidation of the railways and the railway labor problem.

During the past year we have seen the inauguration of the policy of regular local joint conferences between railway executives and shippers organizations. These conferences have cleared up many points of conflict and brought about much better understanding both of the problems of the shippers and of the railways. We have also had an extensive and successful drive for local co-operation of shippers with the railways which has contributed to the handling of the largest transport movement of our history. Much was accomplished by this cooperation in the more rapid loading and discharging of cars, the laying down of coal supplies during the slack season and thus avoidance of car shortage in fall peak and numbers of other helpful results. These efforts, together with

the great initiative and ability of the railway executives marks 1923 the first year for a long time when we have had an extremely high level of business activity and at the same time have not suffered tremendous losses from car shortages. The co-operation itself has created a much better understanding of railway problems by the shipping public.

MISERY FROM A SORE LEG

To Whom It May Concern: San Francisco, Dec. 6, 1923.
For 35 years I suffered untold pain and misery from a sore leg. During that time I was treated by numerous medical men but gained no relief. Through my daughter I learned of the FONG WAN HERB CO. and three months ago I began the herb treatments. Now, I am happy to say, my leg is entirely well, and I am free at last from pain. I am indeed grateful to the FONG WAN HERB CO.

Will Speak On "A New Birth"

Rev. Woten of the First Christian Church will preach tonight on the subject he believes to be the greatest need of the churches today—a "New Birth." "Too many manifest a lifeless religion," said Rev. Woten. "Their neighbors won't know they were members of the church until their obituaries are read. I think such a religion as that will not get any one to first base, to say nothing about getting home." A male quartette, consisting of Messrs. Morrison, Banner, Osborne and Patterson will sing, "Where Will You Spend Eternity?"

RETURN FROM LOS ANGELES
Mrs. Edward Hanlon and son, Eugene, returned yesterday from a short visit to Los Angeles.

THE WELL-KNOWN MEDICINE OF THE FAMOUS RECIPT BOOK AUTHOR

K-L Pills

For Kidney and Liver Troubles, Constipation, Indigestion and Kindred Ailments

Liver trouble leads to serious life. And a sure sign of liver trouble is biliousness. If you have attacks of headache, if you have a coated tongue, if you have a sickly appetite, you probably are bilious—which may lead to derangement of the liver and to serious and quite often fatal results. Read this strong endorsement of Dr. A. W. Chase's K-L Pills. Mrs. J. H. Stone, Route No. 2, Bailey, Ga., writes:

"For a number of years I have been troubled with my kidneys, liver and also my heart. I find Dr. A. W. Chase's K-L Pills a wonderful remedy. They certainly are the finest I ever used. I would not be without them in my home and take great pleasure in recommending them to my friends."

You can buy Dr. Chase's K-L Pills at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on each box—your protection against imitation.

Dr. A. W. CHASE MEDICINE CO. 217 Washington St., Buffalo, N. Y.

Civil War Veteran Dies Of Injuries

Daniel Webster, 83, of Oakland, injured several days ago when he was struck by a street car, died at the Cottage hospital here yesterday afternoon. Death was partly caused by injuries according to hospital attendants.

Webster was a Civil War veteran, and so far as known leaves no relatives, it was stated. The remains are at the Wilson and Kratzer funeral parlors. An inquest will be held sometime during the coming week, it was stated.

Permit Issued For 'Phone Building

Permit has been issued by the city building inspector for the construction of the new telephone building, the valuation being set at \$74,666, it was announced yesterday. The electrical work will be done by V. G. Blake of the V. G. Blake Electrical company, who has been awarded the contract. Building permits issued so far this month have a valuation of \$93,261, Inspector Wierda stated.

Newspapers Urged To Aid Dry Work

Newspapers were urged to aid in the campaign to enforce prohibition in a resolution passed by the state executive committee of the W. C. T. U. of California.

The resolution was as follows: "Realizing the powerful of the press and the great opportunity its editors, reporters and artists have to mould public opinion, the Women's Christian Temperance Union of California through its executive committee, wishes to heartily commend those newspapers and periodicals which have not allowed their news columns, their editorials and their cartoons to be used to promote disrespect for our constitution and our laws; and we earnestly request all newspapers and other periodicals to join in a campaign to teach law observance and reverence for the constitution."

Unkeep Cost of Motor Department Greatly Reduced

SACRAMENTO, Jan. 11.—Although the volume of business handled by the Division of Motor Vehicles increased approximately 25 percent in 1923 a saving of more than \$3,000 in payrolls and other expenditures over the previous year was made according to a comparative statement compiled by the division.

This saving was effected by Will H. Marsh, who early last year, was named chief of the division by Governor Friend Wm. Richardson with instructions to put the department on an economical running basis. By making various changes tending to cut out useless overhead and the elimination of useless jobs Marsh was able to show this reduction. The comparative statement follows:

Receipts, Feb. 1, 1922 to Dec. 1922, \$8,282,266.31; Feb. 1, 1923 to Dec. 1923, \$10,553,432.66; increase \$2,271,166.35.

Expenditures, Feb. 1, 1923 to Dec. 31, 1922—\$649,770.95; Feb. 1, 1923, to Dec. 31, 1923, \$646,563.69; increase, \$3,207.26.

Regulations For Registration of Trucks Given

SACRAMENTO, Jan. 11.—Regulations governing the registration of trucks, trailers and motor vehicles used for commercial purposes in California, were announced today by Will H. Marsh, Chief of the Division of Motor Vehicles. Registration of such motor vehicles for the new year will begin Monday, January 14, and will be simultaneous with the opening date of registrations for pleasure cars.

Owners of vehicles used for the transportation of passengers for hire or of property must first secure a weight certificate from a public weigher showing the unladen weight of the vehicle equipped for service or present a sworn affidavit showing the unladen weight, it was stated. This certificate must be presented at any of the barnches of the division located at Oakland, San Francisco, Fresno, Los Angeles and San Diego. Mail applications will be handled by the Sacramento office only. The weight certificate must show whether the vehicle is equipped with solid or pneumatic tires.

In addition to the flat fee of three dollars, owners of such vehicles must pay an additional fee based on the weight and type of tires. The following schedules are provided in the new California Motor Vehicle Act:

Solid Tires—Unladen Weight:
Under 3000 pounds \$10
3000 to 5999 pounds \$20
6000 to 9999 pounds \$30
10,000 or more pounds \$40

Pneumatic Tires—Unladen Weight:
Under 3000 pounds \$ 6
3000 to 5999 pounds \$10
6000 to 9999 pounds \$15
10,000 or more pounds \$20

As an example it was pointed out by Marsh that a commercial vehicle equipped with solid tires and with an unladen weight of 4200 pounds would take a fee of \$23, including the \$3 flat fee, while the same vehicle equipped with pneumatic tires would take a fee of \$13. Fees for vehicles equipped with cushion tires and with an unladen weight of less than 3000 pounds shall be based on the pneumatic tire table, it was stated. If the unladen weight of such vehicle is more than 3000 pounds the fee will be based on the solid tire table, Marsh said.

All applications for new registrations must be accompanied by the old certificate.

Leatrice Joy Is Star in "Minnie" At Macdonald

Leatrice Joy and Matt Moore were never so happily cast as they are in "Minnie," the Marshall Neilan production released by First National now playing at the Macdonald Theatre.

It is surprising how homely a beautiful woman can become through the application of grease paint and powder, through letting her hair down, wearing old clothes and acting awkwardly. Miss Joy certainly gives a finished performance and she cannot than Marshall Neilan too much for his fine direction.

With his work in "Minnie" Matt Moore for the first time takes on a character role and—well he's the real thing as the inquiring, forgetful reporter. Never for one moment do either of these forget that they are portraying a character and the resulting fun and entertainment is perfect.

And Neilan in the end does the right thing by Matt and Leatrice. He gives them a chance to show themselves as they really are and as most picturegoers know them. Matt takes off his freckles and his spectacles, his loose hanging clothes, abandons his umbrella, combs his hair, dons a dress suit and becomes—natural. The transformation of Leatrice is marvelous. When she appears finally in her white exquisitely arranged and with feathered fan, it is hard to realize that this is the same woman who was the slave girl in previous scenes.

And when you stop to think of it you realize that Marshall Neilan has not miscast one of his players in "Minnie." They all fit into the story. He's clever.

Finds Fragrant Rose Amid Snow

UNIONTOWN, Pa., Jan. 12.—With several inches of snow on the ground, and in the midst of a blinding snowstorm, Health Officer W. C. Hall recently plucked a fragrant and pretty red rose from a bush in the yard of his home. Snow had fallen thick on the petals, but the rose was not affected.

"The Infidel" In Pictures at Wesley

Sunday night at the Wesley Methodist Episcopal church, Frank Kline Baker, pastor, will preach on "Finding Our Lost God." He will precede his sermon with a motion picture entitled "The Infidel," which is said to be a clear and dramatic picturing of many persons experience. The "Bing Sing" led by Mr. Hill and his fine orchestra and chorus choir, is enjoyed by everybody who if they can sing are made to sing. The orchestra will furnish special selections and the chorus choir will render "Gloria In Excelsus."

Funeral Tomorrow For Mrs. Stambach

Funeral services will be held tomorrow for the late Mrs. Amelia Stambach, 82, who died at the home of her son, Z. M. Zacharias, 220 Washington avenue, yesterday morning, following a lengthy illness. The rites will be conducted from the Wilson and Kratzer chapel at 9 o'clock, interment will be made at Sebastopol.

Mrs. Stambach had arrived in Richmond only four days ago, coming here for her health. She was a native of Germany and is survived by three daughters, Mrs. Emma Garlow, San Francisco; Mrs. Tillie Wolfgram, Minnesota; Mrs. Lena Coon, of Richmond; and two sons, J. M. Zacharias and Emil Zacharias, both of Richmond.

Court Backs Father's Edict Forbidding Girl To Work

PORT HURON, Mich., Jan. 11.—Can a father obtain an injunction from Circuit Court to compel his 19-year-old daughter to make the home of her parents her home and compel her to be in that home from 10 p. m. to 7 a. m.?

Can a father obtain an injunction to compel his 19-year-old daughter to obey the directions of her parents regarding her conduct and behavior?

Circuit Court Judge E. F. Law has answered these questions in the affirmative by issuing a temporary injunction to Chester F. Mason in which his daughter, Mary Mabel Mason, is made defendant. In issuing the injunction believed to be without a parallel in legal history has been created which may be far-reaching in settling family disputes.

Mr. Mason, is a well-digger, has a comfortable home above the average and a goodly share of the world's goods. His daughter is a pretty blonde, who is a self-supporting stenographer.

Family disagreements prompted Miss Mason to leave her parents' home and take up her residence with her aunt, Mrs. Harley D. May, a sister of Mrs. Mason. In his bill of complaint Mr. Mason alleges that his daughter has taken up her residence with "persons unknown to him." Miss Mason has resided with her aunt since leaving home and denies the command of the injunction.

The bill of complaint, now on file in the county clerk's office and which forms the basis for the temporary injunction, states the parents' ver-

Moitoza Erecting New Building

A new building is being erected in San Pablo by M. G. Moitoza, Ford dealer, who will handle the agency of the Ford cars and automobile accessories. A large display room will be constructed. Moitoza also has made arrangements for increasing his contract with the Ford company.

During the time he has had the agency Moitoza has made a record for the territory, it was stated. The post office building, which is owned by Moitoza, will be moved, and the old building taken by Justice of the Peace L. F. Grover for the justice court.

Dave Martz, San Pablo contractor, is erecting the new building, which will be complete within 30 days, it was said.

as follows:

"That the said Mary Mabel Mason now asserts and pretends that she is no longer under the home provided for her by her said parents and has taken a residence elsewhere in the city of Port Huron and away from her said parents and says and pretends that she is no longer under the control and direction of said parents, and refuses to conform to the wishes and direction of her said parents to return to the home provided for their said daughter by her said parents, and persists in defying the authority of her said parents as to her place of abode.

"Petitioner and his wife are fearful that a continued absence of their said daughter from the parental home and a residence among strangers, freed from the restraint of her father and mother, may lead to serious results as to the health, moral and general welfare of their said daughter."

Now for Miss Mason's version: "There are always two sides to every case. I regret that my father should bring disgrace upon me by going into court and securing an injunction to compel me to return home. I have been making my home with my aunt since I left home and I am still living with her. They have a fine home and yet my father states I am residing with persons unknown to him. My aunt is my mother's sister.

"Now that the public is aware of our family disagreement I want the public to know my side so that I will not be misjudged. I am 19 and self-supporting. I have a good position. Don't you think that I am past the age where I should be whipped and brutally treated by my father? Well, that's exactly what has happened and it has happened for the last time.

"Judging from my father's statement the public might think I was a sort of harum-scarum girl. I am not. While residing with my aunt I have been downtown but a few times in an evening and then to attend a picture show.

"I do not yet know what I am going to do about the injunction. The court has not yet heard my side. It may throw a different light on the situation."

Miss Mason is not the flapper type. Her hair is not bobbed and the garments she wears are of a modest business type.

Coolidge Backers Plan District Meet

Plans for Congressional District meetings of Coolidge supporters were made in San Francisco on Friday at a meeting of delegates, from various sections of California.

Sheriff R. R. Veale was named chairman of the representatives of the Third Congressional District and C. A. West of Pittsburg was chosen secretary. Others in attendance were Attorney A. F. Bray, W. A. Ruge, W. M. Veale and Attorney R. H. Wight.

Delegates from Contra Costa county to the Congressional District meeting will be elected at a county Coolidge Club meeting to be held in Martinez Monday afternoon. The Congressional meeting will be held at the Coolidge headquarters in Sacramento at two o'clock on Saturday second.

Call Annual Meet Of Stockholders

The annual meeting of the stockholders of the Sierra Gold Mining company is to be held Monday evening, January 21, in the Contra Costa Labor temple, according to an announcement made yesterday. At that time new directors will be elected and reports for the past year given. Important business matters also will be considered, it was stated.

Study Of Labor Conditions In Bituminous Coal Fields Shows Families Live Well

Mrs. Marion Richardson, Huntington, West Virginia, a prominent member of the League of Business and Professional Women, declares that women should learn the truth about labor conditions in the coal fields of the United States. Such knowledge, she says, will clear up a great deal of slanderous propaganda against the bituminous industry.

Mrs. Richardson knows whereof she speaks for she was in charge of preparing the court records of violations on the part of the United Mine Workers of America of civil rights and criminal law in many of the coal fields in her state.

The so-called coal problem will be solved when the consumer recognizes the real issue," she points out. "The question is whether union leaders shall have the right to enforce their demands by nation-wide strikes which curtail production and cause the price of coal to soar to exorbitant peaks. Both union and non-union operators agree that it is impossible for the industry to render fair service to the public so long as the mine-owners' organization is allowed to continue its monopolistic policy."

Contrary to the general belief, Mrs. Richardson says that miners live in good houses, their children have the best schools, and good roads and other modern conveniences are the rule and not the exception in the coal fields.

Richmond Dealers Have Full Stocks BUY YOUR CAR NOW!

Richmond dealers now have full stocks of 1924 model cars.

No matter what car you see in any of the auto shows, Richmond dealers can supply you with any make car and will always be on the job to service it for you.

The most important part of buying an automobile comes after you make the purchase—SERVICE. Our dealers can, naturally, give you better service on your car than you can obtain elsewhere, for they are right here in your city, near and convenient to your home. That's one

of the reasons 1923 was a banner year for most every Richmond motor car dealer.

1924 looks good for Richmond. It will bring prosperity and business development in direct proportion to the number of Richmond dollars that are SPENT HERE AT HOME.

Play your important part in the development of our wonderful city by spending YOUR dollars here at home—and they will come back to you. Spend them in other cities and they are gone from you forever.

Growth of Auto Industry Told By J. P. Strom

"When you look over the marvels of mechanical ingenuity and body craftsmanship on display at the automobile show, and compare them mentally with the cars of a few years back, you can't help feeling that the amazing growth of the automobile industry is fully deserved," said J. P. Strom yesterday.

"Here is one industry that has gone on from year to year steadily improving its product and its processes of manufacture, and at the same time giving the public the benefit of every reduction that could be effected in production costs, so that the car of today represents greater dollar for dollar value than ever before."

"The 1924 cars exceed in performance, dependability, beauty, convenience and comfort even the superb creations of a year ago, and establish a new standard in each of these respects that could not have been dreamed of in the earlier days of the industry. And the best part of it is that in few instances do they cost more, and in many instances they cost less, than their predecessors of last year."

"Along with the improvement of the cars themselves there has been going on an equally steady development in the standards of sales and service on the part of the automobile dealer."

"The good dealer today realizes that he is in business not only to sell cars, but to see that those cars give satisfactory service, day in and day out, to their owners. He realizes that too do this he must be continually adding to his investment in building, shop equipment and parts of stocks, and increasing the personnel and efficiency of his organization."

"To such a dealer each succeeding year brings a realization of greater responsibility to his augmented family of owners and to the community in general, and finds him prepared to meet it."

Gerber—Construction of four miles additional track for switching purposes in local yards proposed.

320—I have lots in all parts of Richmond for sale on easy terms and will build to suit.

Clever Imitator On Program At T and D Today

Billed as the Larry Semon of vaudeville, Clinton of Clinton and Vivian, one of the feature acts on Sunday's program at the California theatre, is a clever imitator of that well known film comedian. Besides his funniness, Clinton is perhaps the only parallel bar athlete on the variety stage today. In his gymnastics he executes wonderful dislocations and contortions. His dainty partner indulges in clever dialogue, sings songs and offers several eccentric dances that are novel.

Arturo de Plaza with a new company of Spanish artists, introduces the latest in Spanish dances. One of his pretty partners is the possessor of a highly trained contralto voice in a wide range. The singing and dancing numbers are prettily blended and the whole ensemble is one of the newest seen in California.

Swain's Cockatoos, a unique featuring novelty, a troupe of featured actors with a routine of tricks that are almost human in their execution, an attraction for young and old. A comedy piano and singing presentation with some funny situations introduce Manning and Ball, two versatile vaudevillians. Manning is a comedian of the lighter order and is really laughable in his character songs. His partner at the piano joins in several harmony numbers.

A pleasant looking and talented young man with a leaning toward the terpsichorean art is Eddie Russell. In eccentric and rube dancing numbers he is an expert, and buck and wing and pedestal offerings are alike easy to this versatile performer.

SANTA FE HAULS 16,000,000 PERSONS WITHOUT LIFE LOST

The Santa Fe was one of three big railroad systems of the United States to emerge from the year 1923 without the loss of a single passenger while riding on any of its trains. Furthermore, the Santa Fe has operated for the past year and a half during which time it has carried 16,000,000 passengers and not one has been killed. The average distance ridden by the 16,000,000 passengers was 152 miles.

\$5,000,000 TERMINAL

The Santa Fe is erecting a nineteen story terminal at Dallas, Texas, to cost \$5,000,000. In connection a ten-story, and an 8-story warehouse also are being built. Subways will be used by the trains in and out of the big terminal. The buildings will be completed Jan. 1, 1925.

It takes 3,000,000 lbs. of ice and usually to carry Southern California's fruit crop to the east.

Pythian Sisters Install New Officers

Officers for the coming year were installed by Contra Costa Temple, 113, at elaborate ceremonies held at Pythian Temple last night. Miss May Fallon acted as installing officer.

The new officers who were installed are as follows:
Evelyn Jullerat, past chief; Audrey Delaney, most excellent chief; Evelyn Miller, excellent senior; Lola Hildebrandt, excellent junior; Myrtle Carille, manager; Frances Michel, minister of finance; Hilda Archibald, mistress of records and correspondence; Nora Carroll, protector; Bertha Bagnall, outer guard.

Visitors were present from every East Bay Temple and many talks were given by visiting officers. An elaborate banquet was served.

The committee in charge of the banquet was composed of Barbara Oppman, Catherine Hillman, Hazel Holloway, Annie Bowyers and Mamie Ruffert.

REBEKAHS ATTEND MEET IN MARTINEZ

Miss Grace Curry, district deputy president, of the Rebekah lodge, with her corps of grand officers, went to Martinez last night to put on the installation of officers for that lodge.

The party was accompanied by a large number of Richmond members.

**Why husbands
don't like Wash Day**

THERE are many reasons why you shouldn't do your own washing:
1. It involves too much time.
2. It is a drag on your strength and appearance.
3. It interferes with more important household duties.
4. It is more expensive than having your wash laundered.
5. It is dangerous in the hot weather.

You should send your washing to us because:
1. We do it cheaper, better, and quicker than you could.
2. We take good care of the clothes.
3. We use no hot water if necessary.
4. We take the physical burden and the mental worry from you.

Telephone us today.

RICHMOND GIRLS TO ENTER BIG PAGEANT

Richmond girls, members of the Royal Neighbors, are to participate in the Cinderella Circus and Ball to be given by the Modern Woodmen and Royal Neighbors at the Oakland auditorium, Saturday, January 26, according to an announcement made yesterday by Mrs. W. H. Mallory. Mrs. Maloby has charge of the work of securing 100 local girls to take part in the pageant.

FORESTERS TO HOLD WHIST PARTY TUESDAY

Women's Catholic Order of Foresters will hold a whist party at the St. Mark's church parlors Tuesday afternoon. Valuable prizes have been secured for the affair, which will begin promptly at 2:15 o'clock. Mrs. M. Sullivan and a committee will have charge of the affair. The public is invited.

LIONS CLUB PROGRAM TUESDAY GIVEN

Chairman of the day, E. J. Garrard, has announced the program for the Lions club meeting Tuesday, January 15. He will have charge of the event, which will consist of the entire club going to Ohio street after the luncheon and working on the new Scout building. Members who do not appear will be fined. The speaker of the day will be announced at a later date.

PLUS ULTRA CLASS INSTALLS OFFICERS

Plus Ultra class of the First Baptist church met at the home of Mrs. R. H. Kinney, 690 Seventeenth street, for the regular business meeting and installation of officers. The ladies taking office were Mrs. Berry Lafferty, president; Mrs. Basket, vice president; Mrs. Will Chappelle, secretary; Mrs. Bertha Zettler, treasurer; and Mrs. C. E. Wood, teacher of the class.

The program for this year was outlined in regard to the white cross work which is to be done to aid the poor. After the business of the afternoon was taken care of the hostess served delicious refreshments, and a social hour was enjoyed.

SUCCESSFUL FOOD SALE HELD BY BIBLE CLASS

The Ladies Bible class of the First Baptist church held a very successful food sale yesterday at Schrader's furniture store. The ladies had a great variety of delicious home cooked food, and were soon sold out.

YEOMEN WILL HOLD INITIATION FRIDAY

Liberty Homestead of Yeomen will hold a big initiation Friday night, January 18. A large class of candidates will be initiated and the degree team from Oakland will be present to put on the work. The committee in charge is composed of Mrs. Francis Brown, Mrs. Vivian De Soto, W. L. Lane and Miss Eva Gato.

"Hoselegger" To Replace Bootlegger

FORT WORTH, (Tex.), Jan. 12.—The "hoselegger," latest creation of the agile bootlegger's brain, has come to Fort Worth. Women liquor sellers, who carry their bar in the "First National Bank," have arrived in Fort Worth, according to Ed Young, city detective.

"Lucky for us they don't wear hoopskirts," Ed grinned. "They could hide whole stills under 'em."

Postcard Mailed In 1905 Received

MARIETTA, Pa., Jan. 12.—Mrs. William T. Zorbaugh of Wrightsville has received a post card that was mailed November 6, 1905, in Chicago, by her sister-in-law, Mrs. Scott Fisher, who has since died.

Harmony Court Officers Are Installed

New officers were installed by Harmony Court, No. 33, Order of the Amaranth, at elaborate ceremonies held at Masonic hall here last night. Officers installed were as follows:
Royal Matron, Nellie Viola Wilson.
January—Goldie Tranz.
Royal Patron, Omar Victor Mugg.
February—Emma and Matilda Mugg.
Associate Matron, Edna Eola Curtis.
Associate Patron, E. E. Miller.
March—Mrs. Aubrey Wilson, Mrs. Ross L. Calfee.

Secretary, Eliza Gerlack; Treasurer, Bernice McCormick. April—Eleanor Wood and Jane Jenkins.

Conductress, Ivy Clara Lee; Associate Conductress, Amy Pearl Mugg. May—Mrs. James Rasmussen.

Chairman of Trustees, Margaret Stewart; Prelate, Eliza Hill. June—Victoria Burgart.

Marshal in the East, Lillian Howard; Marshal in the West, Freda Dreyer. July—Vernice Otten.

Standard Bearer, Evelyn Massey. August—Emily Calfee, Olive Otte.

Historian, Velma Mae Quinn; Organist, Violet Hall. September—Dorothy Thies.

Warder, Johanna Ludwig; Sentinel, James Stewart. October—Mrs. Aubrey Wilson, Emily Calfee, Olive Otte.

The Ladies of the Square

Truth, Reitha Dreyer; Faith, Florence Morgan; Wisdom, Tillie Marie Stickle; Charity, Lillie Gillard. November—Emma Meyers, Matilda Meyers.

Coronation, Gussie B. Nabbert, Emily Calfee. December, Mrs. Ross L. Calfee.

Queen's Gift to Matron, Louise Massey.

Installing marshal was Beckie Adamson; honorary marshals, Marie Frothingham and Theresa Beggis; installing officer, Hiram Jacobs; installing prelate, Augusta Olney; Dr. Flora Smith, escort of supreme conductress.

A presentation "America" was given by Mrs. Vera Wyatt Frazier and Ross L. Calfee.

Many out of town visitors were present at the installation ceremonies, which were declared to have been exceptionally fine. "The visitors highly complimented the local lodge for the work."

The program was in charge of Mrs. Ross Calfee. The accompanist was Vera Wyatt Frazier.

SUPREME DISTRICT DEPUTY WILL VISIT MOOSEHEART

Dr. June Martin, the grand supreme district deputy of the Mooseheart lodge will be present at the lodge meeting Friday, January 18. She will be met at the train in the morning and entertained at noon luncheon by the senior regent and at dinner by the junior regent.

All members are requested to be present at the special meeting which will be held Tuesday afternoon at 1:30 o'clock. Plans will be made for Friday night at this meeting. Mrs. Charles Mahne is chairman of the committee and will have charge of the evening.

FRATERNAL BROTHERHOOD TO INSTALL MONDAY

Fraternal Brotherhood will make plans for the installation of officers at the meeting at Redmen's hall Monday night. The installation will take place in Oakland, January 13. Charles Fayrol, assistant manager, will be present at the meeting.

A membership drive has been launched for the purpose of enlarging the lodge, and booster committees have been appointed to solicit new members.

POULTRY PRODUCERS ASSN. WILL MEET HERE MONDAY

A meeting of the Poultry Producers association has been called for Monday night at Pythian Castle, according to an announcement made last night. At that time new officers for the year will be elected. F. E. LaShalle of the Sperry Flour company, Oakland, will be the principal speaker at the meeting and will talk on the subject of "Feeding Poultry for Egg Production."

More Than One Million Motor Car Owners to Replace Licenses

More than a million motor car owners in California will begin today the task of replacing their old black and white license plates with the new green numerals, the magic insignia of 1924 which will show that the owner has complied with the requirements of the law for another year.

From the Division of Motor Vehicles headquarters in Sacramento and three branch offices in Northern and Central California the 1924 license plates will be passed out this morning in return for the \$3.00 flat registration fee required for passenger cars under the new California Vehicle Act. Truck and commercial vehicle owners will be required to pay a weight tax in addition to the \$3.00 fee.

At the same time 20 district branches of the California State Automobile Association will issue license plates to Automobile Club members in as many different cities. Passenger car registrations only will be handled by the Automobile Association, but it will assist members owning commercial vehicles in

handling their applications. All district branches of the Association except Sacramento, the headquarters of the Division of Motor Vehicles, will handle license plates for members.

With more automobiles in California than ever before, the Division of Motor Vehicles is faced with the greatest re-registration task in its history. During the next six weeks, until March 1, it must handle over the counter or through the mail over a million applications for renewal registrations. Over a million records must be checked and a like number of sets of certificates and license plates issued.

There will be no waiting in line at Automobile Association offices, according to George S. Grant, manager of the Touring Bureau who is supervising the re-registration service of the Club. Adequate clerical force is being provided, he said, so that members can step up, pay their \$3 and step right out with the new plates.

Grant yesterday issued some "D's and Don't's" in regard to re-registration which apply to the general public as well as to association members. Among the are:

1. Bring your 1923 certificate and be sure that the address given on it is correct and that it is properly signed.
2. Be sure the year model, type and engine number are shown correctly.
3. If you are registering a commercial car, don't neglect to accompany your application with a certificate of weight from a public weigher.
4. Type of tire equipment must be shown on application for registration of a commercial car.
5. When you receive your new certificates, place the certificate of registration in the car and the certificate of ownership in a safe or safe deposit box.

Under the new California Vehicle Act, title registration is provided for. As a result two certificates will be issued this year. One, the certificate of registration, should be placed in the car as heretofore. The certificate of ownership will go to the legal owner. It should be put away for safe keeping as no car can be properly transferred up on the Motor Vehicle Department records in the future unless both certificates are produced and properly signed. This is an antitheft provision.

It is for this reason that all the data given this year should be absolutely correct and that the address be given correctly so that the certificates will not become lost in the mails.

The Automobile Association will handle renewal registrations at these offices: San Francisco, San Jose, Fresno, Stockton, Oakland, Modesto, Merced, Shico, Eureka, Hanford, Martinez, Marysville, Redding, Salinas, Santa Cruz, Santa Rosa, Vallejo, Woodland, Willows and Yreka.

Nash Sales Heavy Throughout North

The summing up process, which is going on more or less generally in business institutions throughout the trade, has furnished material for rejoicing, according to Frank Scholes, local Nash representative.

Records for 1923 show an increase in Northern California of 460 cars over the 1922 figures or 86.6-10 per cent which they find a notable condition.

Within the confines of the city and county of San Francisco, Nash sold 165 more cars last year than they did in 1922, which works out at a sales increase of fifteen cars per month. The actual advance in sales appears to have been greater in the latter, or generally duller part of the year and for the final four months for percentage of 1923 gain is 77.2 per cent.

"With such a background, the whole sales force are bent on out-doing their own former record, and creating a new standard of monthly progress," says Scholes. "The fact that there has been no dropping off of business for the winter is a tremendous advantage to the morale of a selling staff, since they are not able to lose that close and intimate association with their prospects and customers which sometimes slows down trade."

"Perhaps no single change in attitude has been more generally beneficial to the motor trade than has that alteration from the feeling that cars should be brought only between May and October to the present realization that all seasons are equally sensible for car buying."

The more diversified presentation of new models has resulted with an interest on the part of the public maintained throughout the year."

Casts Ballots For 12 Years Illegally

NEW BEDFORD, Jan. 12.—Ernest Margeson, North End plumber, has been voting for the past twelve years. He has cast a ballot in city, state and national elections without any knowledge that he was doing so illegally. This was learned at a naturalization session before Judge Joseph Walsh in Superior Court when Margeson submitted a petition for his final citizenship papers. His petition was allowed and henceforth his ballots will be legal.
